JAMES G. TYLER	January 29, 1931
HARRY A. WESTON	March 26, 1931

The financial and various other activities of the Club will be shown in detail in the committee reports to follow.

Our finances are in excellent condition and our Treasurer's statement will report to you a profit of several thousand dollars.

The annual Auction Sale, while not so successful as in previous years, may be considered to have been fairly good in the face of general conditions. Many of our best men do not contribute to the sale. The reason is obvious. The Auction is a sporting proposition and it is regrettable that a monetary consideration should enter into the spirit of this event. The same absences are felt in other exhibitions. Are they due to indifference?

The Salmagundi is an art club and as such is to be judged in great measure by the quality of its exhibitions. To many of us in our younger days the Salmagundi was a fostering mother. Let us not forget it, and let us make it our duty and our pride to make the exhibitions worthy of the Salmagundi reputation.

Thanking you for again honoring me with the presidency, and thanking the various committees for their co-operation and the members for their good will,

Respectfully submitted,

BRUCE CRANE,  
*President.*

### *Report of THE ADMISSIONS COMMITTEE*

## Report of THE HOUSE COMMITTEE

The repairs to the Club building last year were largely routine repairs, as in the preceding year the general run down condition of the house had been attended to. This year we put on new roof skylight screens and provided additional fire extinguishers and a new exhibition announcement sign for the front of the building.

Regarding the departmental operation of the Club, the annual loss on the Grill operation has been reduced this year by \$1,408.63 without any diminution in the quantity or quality of the service; the Cigars loss of last year was reduced \$35.64, and the Buffet loss by \$136.20. The

profit on Billiards was increased \$102.40, and profit on Rooms was less than \$60 from last year.

We are planning some new interior improvements, to provide better for the comfort of the ladies who come to our ladies' dinners and exhibition teas. Another important improvement will be fire-escape exits from our gallery, which heretofore have been not entirely satisfactory because of the fact that the gallery is built out to the limit of our land and it was necessary to secure the consent of adjoining property owners to connect with their fire-escapes. These negotiations have been successfully accomplished, and the new fire-escape exits from the gallery will be ready for next season.

ALFRED M. WELCH,  
*Chairman.*

### *Report of THE TREASURER*

TO THE MEMBERS OF THE SALMAGUNDI CLUB:

The following report is submitted by your Treasurer covering the financial operations of the Club for the fiscal year ending March 31, 1931.

The Operating Statement shows a profit of \$5,000.04.

The profit from the Auction Sale was substantially less than last year, and there was a slight falling off in dues; but both of these items are largely offset by the decrease in the loss in the Grill.

This is the first year the Club has contributed directly to the Members' Purchase Prize Fund. Since the contribution of \$1,000 results in the acquisition of a painting by the Club, it should, in the opinion of the Executive Committee, be considered as an addition to the Club's works of art, and not charged in the Operating Statement.

In the Balance Sheet you will note an item of \$1,000, "Reserve for Contingencies." This amount should amply cover any losses the Club might reasonably anticipate occurring through uncollectable accounts.

To the Reserve Fund has been added the sum of \$3,250, representing initiation and life membership fees collected during the fiscal year.

The trust funds belonging to the Club, amounting to \$21,200, remain unchanged.

Detailed statements follow covering the departmental operations and the condition of the various funds owned or controlled by the Club, together with the auditors' certificate.

Respectfully submitted,

R. F. KILPATRICK,  
*Treasurer.*

The reports of the Finance Committee have heretofore always been rendered as of April 30, whereas the Treasurer's reports are rendered as of March 31, and it has been determined that it would make the reports better harmonize if they were rendered for the same fiscal year, so this report is for only eleven months and our reports will hereafter be for a year ending March 31.

## Report of THE LIBRARY COMMITTEE

The Library of the Salmagundi Club will be 40 years old in November. A year ago the Library was catalogued with printed cards from the Library of Congress as the New York Public Library is catalogued. This Library is known in Washington by the number 4862, which was the number to date of the libraries in the United States so catalogued.

After the new catalogue was completed, there were, by actual count, 5,341 books on the shelves. The number of the last book in the Library was 6,125—784 more than the books the library actually had. The list of books, as they have been numbered in the accession books, has continued without any reference to losses and withdrawals.

The Louis XVII collection of nearly 400 books was sold a year ago to the French Society. All the books on the third floor were withdrawn from the Library from time to time. Last year nearly 40 duplicates were withdrawn from the Library. There must have been other withdrawals of duplicates during the 40 years of the Library, so that the difference of 784 between the accession list number and the actual number of books in the Library is not surprising.

There have been added to the Library 199 books during the year, 60 by purchase and 139 as gifts. One of the notable additions to the Library is the *Colophon*, a book collectors quarterly, published by a member of the Library Committee.

The receipts and expenditures for the year were as follows:

Balance on hand, April 1, 1930.....		\$ 629.68
Received from books sold.....		80.50
Received bond interest.....		48.90

## *Report of* THE COMMITTEE OF CURATORS

The Committee's important activity of the fiscal year was the completion of an appraised inventory of the Club's pictures and *objects d'art* carried out by the Equitable Appraisal Company. Though the Committee finds many of the appraisals ridiculously high and others absurdly low, we have accepted the result as a working basis for insurance purposes. The total valuation was \$64,451. This is exclusive of the pictures acquired by gift or purchase prize since the appraisal was made. These are: the Members' Purchase Prize picture by Arthur E. Powell; portrait of ex-President Franklin DeHaven by Ernest Ipsen, presented to the Club by him; the Vezin Purchase Prize thumbbox picture by Richard Kimbel; a figure study by Louis F. Berneker, presented anonymously.

## *Report of* THE ENTERTAINMENT COMMITTEE

*(Abstract)*

The Entertainment Committee reports total expenditures for the fiscal year ended March 31, 1931, of \$1,055.99. Beginning with the Get-away Dinner of May, 1930, the present Committee has spent for the various features from May 1, 1930, to May 1, 1931, a total of \$899.49. We derived from two evenings devoted to lithographic demonstration the sum of \$131.50 which we are entitled to deduct from the total expenditure, leaving a net expenditure of \$767.99.

These two lithographic evenings were one item of interest that we tried out this season. The first was more enthusiastically received than the second. The view taken by the Committee about this type of evening was that it has a useful purpose above its entertainment value. The surprising reduction of interest in the second evening, however, indicated that we would not hold the attention of the professional members by repeating the experiment.

The complete list of the Entertainment Committee's activities for the year is as follows:
